**** Wednesday, July 13 Lawn concert: THE HOT FLASHES** are an exciting and eclectic group fronted by three female vocalists who have made a name for themselves on the New England music scene showcasing their tight vocal harmonies and jazzy acoustic stylings. The Flashes are Amy Gallatin, who, with her expressive, soulful singing has made a name for herself both in the US/Canada and overseas; award winning singer- songwriter/guitarist Gail Wade; and multi-instrumentalist Peggy Harvey, founding member of the legendary bluegrass group Traver Hollow. Peggy was a guest fiddler in Amy's band Stillwaters for many years and adds sass and grit to the Hot Flashes sound with her stellar alto sax and harmonica playing. Amy and Gail were drawn together by their mutual love of horses and the Western life. Together they have amassed a wealth of beautifully performed tunes drawn from the bluegrass, folk, swing, jazz and blues genres, with a few cowgirl and traditional tunes thrown in for good measure. Backed by the solid chops of mandolinist JD Williams, dobro veteran Roger Williams - both from Amy's band Stillwatwers-and bassist John Urbanik, the instrumentation also includes fiddle, harmonica, claw hammer banjo and soprano saxophone for flavor and diversion.
