

# PUZZLE THEORY

Puzzle Theory is an Escape Room that offers an interactive experience where you and your group are thrust into a thematic and sometimes absurd story for 60 minutes! Each game has a unique and suspenseful story line.

Explore the room, find clues, and work together to solve riddles & find all the keys. Some puzzles are simple while others require intense analytic skills and deductive reasoning.

**Solve everything within 60 minutes and you win!**

**Are you looking for a fun activity to do with your family or friends?**

**Have you heard of Escape Rooms?**

Tolland Education Foundation is partnering with Puzzle Theory in South Windsor to provide a fun and flexible opportunity to support your schools.

**Simply visit the Puzzle Theory website from**

**April 9 to April 15**

**to book a time or purchase a gift card and 20% of what you spend will be donated to Tolland Education Foundation.**
